Dear Jane,

Thank you for your letter. It was nice to get a reply from you so soon.

You asked me to tell you about the most serious ecological problems in my country. I live in Chelyabinsk. It is a big city. I like my hometown because I was born here and there are a lot of opportunities in Chelyabinsk. But I can say that factories pollute our rivers and lakes. The increasing number of cars in cities has led to the growth of harmful gases in the atmosphere, millions trees are cut down. There is much litter everywhere. As for me, my friends and my classmates try to protect our Earth. We started recycling paper and cardboard, so we save lots of trees. We started using public transport more than private cars, so we have less air pollution. Every year we clean the territory near our school.

Well, I must finish now. It's already 11 o'clock.

Best wishes,

Maxim
